13. List of Applicants

The students interested to join in various courses in GQ / MQ, apply through the SWS website of the admission bodies. Based on the cut off mark, merit list is prepared by the admission bodies and seats are allotted following the state – wide SWS. Thus the merit in admission is ensured. It is generally observed that KIOT seats were filled in the top 40-60 positions among 400 plus self-financing engineering colleges in Tamil Nadu (who participate in the SWS). By this, the quality of students admitted is in the top one – third among the students who have applied and offered admissions across Tamil Nadu.

iv. Internal Continuous Evaluation System

Internal Assessment:

As per National Board of Accreditation (NBA)-Outcome Based Education (OBE)-Graduate Attributes (GA) 6-12 or Program Outcomes (PO) 6-12 need be incorporated in the curriculum and delivered appropriately and need to be evaluated in an integrated manner.

GA-01 to 05 need solution for complex problems, which requires 21st century skills such as higher order problem solving, Critical thinking, reasoning, analysis, interpretation, synthesizing information, Presentation, Creativity and innovation.

The Internal Assessment Test (IAT) and End Semester Examinations (ESE) have to take all these aspects in mind. Under this framework, the IAT systems are as follows :

Initially the students will be informed about the Internal Assessment system during first year student induction program. The institution will maintain the transparency of conduction and evaluation system. The results of IA will be shared to students and parents and if any grievances will be promptly addressed.

Assessment Pattern for UG/PG Theory Courses

Two written test-based assessments and one assignment/case study/seminar/mini project-based assessments will be conducted during the semester by the Department. The following weighted assessment pattern is proposed for UG/PG theory courses.

Assessment Pattern

Assessment Pattern	Duration	Marks
Internal Assessment Test-I	1 hr	30
Internal Assessment Test-II	1 hr	30
Assignment/Case Study/Seminar/ Mini Project	-	40
Total		100

The tests will be in written mode. The total internal assessment marks of 100 will be converted into a maximum of 40 marks and rounded to the nearest integer.

Assessment Pattern for UG/PG Practical Courses

The maximum marks for Internal Assessment will be 60 marks of practical courses. Every practical exercise / experiment will be evaluated based on conduct of experiment / exercise.

Mark Distribution

Assessment Pattern	Marks
Evaluation of Lab Observation and Record	75
Model Lab Exam	25
Total	100

The total internal assessment marks of 100 will be converted into a maximum of 60 marks and rounded to the nearest integer.

Assessment Pattern of UG /PG Project

Project review committee will be constituted by HODs. There will be three reviews during the semesters by the review committee. The student will make presentation on the progress made by him / her before the committee. The total marks obtained in the three reviews shall be taken for 40 marks and rounded to the nearest integer. The distribution of marks are as follows:

Mark Distribution

Assessment Pattern	Marks
Project Review - I	10
Project Review - II	15
Project review - III	15
Total	40

To evaluate the various activity based learning courses, rubrics based assessment system will be followed.

v. Student's Assessment of Faculty and the System in Place

The effectiveness of faculty members in content delivery and assessment are evaluated by students through the online feedback system twice a semester. The parameter to which the feedback is provided as follows:

- Clarity of Explanation
- Faculty Coming to the Class on Time and Engaging Regularly
- Contents Beyond Syllabus
- Feedback on Student Program
- Motivating and Inspiring for Students

- Pace of Coverage of Syllabus
- Student Friendliness
- Student Skill Development
- Syllabus Coverage
- Teaching Effectiveness
